Watch All Pest Control Named NEAHMA Vendor of the Year for 2009

Weymouth, MA, November 24, 2009 -- [Watch All Pest Control](#) recently received the 2009 Vendor of the Year Award New England Affordable Housing Management Association ([NEAHMA](#)).

NEAHMA felt strongly about building ongoing relationships with Associate Vendor Members like Watch All and offered them opportunities to share their expertise within the membership through educational seminars.

Watch All's presentation on bedbugs was one of NEAHMA's most popular seminars. Over 118 people attended the three seminars that were offered in Massachusetts, Rhode Island and Connecticut.

The presentation highlighted how these pests are becoming a growing problem for property managers and tenants alike. Topics included bedbug identification, how to prevent bedbug problems, tenant education, treatment solution and options for ongoing control.

Watch All's Jonathan Boyar presented at all three seminars and worked to provide attendees with informative and useful information. He proved to be both knowledgeable and well versed on the topic and was especially attentive to the varying needs of the audience.

Steve Certa, Regional Manager, said that he is very proud of the support and involvement his team has given to NEAHMA and all of the professionals who work in the affordable housing industry.

About Watch All Pest Control
